JOB OBJECTIVE

To acquire an Android/iOS Developer position in your company in which I can contribute my knowledge and experiences in mobile application development. I have an appetite for new knowledge and skill sets, so I keep myself up-to-date with the latest trends in technology.

SKILLS

- Qualified in Android Studio (JAVA and XML) and XCode (SWIFT) development
- Proficient in Corona SDK(LUA), Audacity, Level Director, and Adobe Photoshop operation
- Knowledgeable in Xamarin.Android development
- Well-informed in REST APIs using PHP and PHP Frameworks (Yii and CakePHP 2.x.x) development
- Expert in Mobile Interface Design UI/UX (Adobe Photoshop) processes
- Competent in Database structures and Database normalization
- Experienced with App Standards and Guidelines provided by Google and Apple
- Capable of Cisco Network Administration

WORK EXPERIENCE

- **Mid-Level Software Engineer** (May 2016 – May 2017)
  OutResource Global Inc.
  Philexcel Business Park, Clark, Pampanga
  Roles:
  - Creating and managing database structures using MySQL
  - Developing the REST API to be used by the mobile application
  - Mobile development in iOS and Android
  - Deployment and management of mobile applications in the App Store and the Google Play Store
  - Managing team members over their respective roles

- **Android/iOS Developer** (July 2014 – May 2016)
  Digitized Marketing Optimization Inc.
  Balibago, Angeles City Pampanga
  Roles:
  - Creating mobile wireframe/flowchart diagrams of the mobile application versions of websites
  - Generating mobile designs for iOS and Android
  - Producing and maintaining mobile API
  - Building image assets for the Google Play Store and the App Store
  - Engineering, maintaining, and editing of source codes
  - Uploading applications in the Google Play Store and the App Store
  - Accountable for both iOS and Android versions of the applications

- **Lead Programmer/Application Developer** (June 2013 – March 2014)
  Treetops Interactive
  Angeles City Pampanga
  Roles:
  - Designing and producing native mobile applications and games
  - Ensuring cross-platform usability across smartphones, tablets, and other mobile devices
  - Submitting, repairing, and updating application submissions to various mobile application stores including Amazon, Nook, Google Play, Samsung, and Apple App stores

- **IT Support** - Internship (April – June 2012)
  Angeles University Foundation
  Angeles City, Pampanga
